LUNAR KITES

Press Kit

Bio

Lunar Kites! All original deliciously spacey decibels - insightful songwriting with expansive cosmic soundscapes, exploring dystopian futures, space wizards, Earth-bound landscapes, deep-space probes, and dysfunctional droids.

With their debut album "***The DoomStar Chronicles***" released to rave reviews, features on the likes of "*BBC Introducing*" and "*Get Radio*", high praise in local and national magazines, and extensive gigging and festival experience, the band have established their interstellar status.

Socials

Lunar Kites - super-active socials and a strong fan engagement to promote gigs and events.

Music & Video

Lunar Kites single "*Interstellar Shout*" in early 2024 won multiple plaudits, followed by acclaimed single and EP releases including *"Epilogue"*, *"Space Wizard"*, "*Rivers*", "*Pink Lounge*", "*Final Voyage of the P7E*", and the live favourite ***Avoid all Driods!***, cumulating in the debut album release "***The DoomStar Chronicles***".

Meet the Band

Lunar Kites have a professional, fun approach! The band write exclusively original songs drawn from their wide and varied musical influences to bring a spacey vibe to any event - highly reliable, pro-gear, flexible fee's.

Tim Masters	Guitar + Synths
Jason Foster	Lead Guitar
Roger Bowley	Bass
Andrew Findlay	Drums
Antonio Serrano	Vocals + Keys / Samples

Gigs and Festivals

Jump on board - audiences love Lunar Kites colourful and carefully curated interstellar performances with their set of all original songs running to 90 + minutes. The band are established across Oxfordshires premier venues, including … the Oxford O2 Academy, The Bullingdon, The Jericho Tavern, Common Ground, and Tap Social plus are festival headliners at Riverside Festival, StrummerFest, and the Oxford City Festival. The 2027 schedule is building with bookings at the likes of Sonic Rock Solstice festival in June.

Press Reviews & Radio Plays

BBC Introducing - ***"Found by aliens and then they invade us. So that is a possibility. I've been listening to too much Lunar Kites"***. … in-person interview and radio plays with Oxford & Berkshire BBC Introducing host Dave Gilyeat.

Oxfordshires "Nightshift Magazine" - ***"'The DoomStar Chronicles' is the perfect grooving soundtrack for an intergalactic road trip. Two thumbs (and a few alien pseudopods) up!"*.**

BBC Dr Who Magazine - ***"… their set features pulsing synths, dazzling light displays, space age dancers", "electronic warbles drifting from the open doors … evoking the ambient soundscapes of the Radiophonic Workshops"***. Full length feature on the gig, commemorating the 50th anniversary of the Dr Who Tom Baker episode "Android Invasion Day".

Oxfordshire Music Scene - ***"Boom! Let the guitars take us up into outer space!" "… the track could soundtrack a reboot of Red Dwarf"***.

Get Radio “Melting Pot” - ***“… another future classic!”***. Interview on Get Radio’s Breakfast Show and their late night new music show Melting Pot.

Tech Spec

Lunar Kites are tech savvy, experienced performers - see the regular Stage plot at the end of this EPK. The band can provide a spec for specific gigs, festivals, and venues, and can expand their rig with lighting, props, video backdrops etc.
